

Material: Black POM Dimension: For 1/4" Special feature: Fixed angle at 90 degrees The AL0028 is an adapter for mounting microphones with 7 mm body diameter on tripods with a standard 1/4" thread.

GRAS Sound & Vibration Skovlytoften 33, 2840 Holte, Denmark www.grasacoustics.com

Technology

Introduction

The GRAS AL0028 is an adapter for mounting a microphone with 7 mm body diameter on tripods having a standard 1/4" UNC-20 male thread. The angle is fixed at 90 degrees. For minimum acoustic influence, clamp as close to the output as possible. If total flexibility regarding the angle is required, then consider inserting the swivel head GRAS AL0005 between the microphone holder and tripod.

Quality & Warranty

GRAS accessories are made of stainless steel, alloys and high-quality composites. These items are covered by a 2 year warranty respecting their intended use.

On consumables like batteries, cables and windscreen we offer a 6 month warranty.

Date 19-04-2024.

About GRAS Sound & Vibration

GRAS is a worldwide leader in the sound and vibration industry. We develop and manufacture state-of-the-art measurement microphones and related equipment for industries where acoustic measuring accuracy and repeatability are of the utmost importance. This includes applications and solutions for customers within the fields of aerospace, automotive, audiology, consumer electronics and other highly demanding industries. GRAS microphones are designed to live up to the high quality, durability and accuracy that our customers have come to expect, trust and require. GRAS Sound & Vibration is represented through subsidiaries and distributors in more than 40 countries and is part of Axiometrix Solutions, a leading test solutions provider comprised of globally recognized measurement brands.
