

GRAS RA0251

KEMAR Retrofit kit for test of Binaural Hearing Aid

Kit with plastic ear holder plates and plastic ear canal extensions. For test of binaural hearing aids which are based on radio frequencies.

Introduction

This kit is intended for modifying existing KEMAR for test of binaural hearing aids that are based on RF.

This kit is factory installed in GRAS 45BB-7, -08 KEMAR Head & Torso for test of binaural HA, 2-ch. The RA0251 kit can only be used with the GRAS 45BB or 45BC KEMAR. Therefore, it is not compatible with the legacy GRAS 45BA or 45BM KEMAR or the even older Knowles KEMAR.

Design

The kit includes the Ear Holder Plates shown above, made from POM plastic and secured with plastic screws. It also contains the [RA0249](#) and [RA0250](#) Ear Canal Extensions, along with the necessary tools for installation on a GRAS KEMAR. These components replace their metal counterparts and do not interfere with RF signals.

Performance and Warranty

GRAS accessories are made of stainless steel, alloys and high-quality composites. These items are covered by a 2 year warranty respecting their intended use. On consumables like batteries, cables and windscreens we offer a 6 month warranty.

About GRAS Sound & Vibration

GRAS is a worldwide leader in the sound and vibration industry. We develop and manufacture state-of-the-art measurement microphones to industries where acoustic measuring accuracy and repeatability is of utmost importance in R&D, QA and production. This includes applications and solutions for customers within the fields of aerospace, automotive, audiology, and consumer electronics. GRAS microphones are designed to live up to the high quality, durability and accuracy that our customers have come to expect and trust.

GRAS Sound & Vibration is represented through subsidiaries and distributors in more than 40 countries and is part of Axiometrix Solutions, a leading test solutions provider comprised of globally recognized measurement brands. Read more at www.GRASacoustics.com
